**M-C1 Multi-Residential -**  
Contextual Low Profile District

M-C1 is a multi-residential designation in the developed area of the city that is primarily for low rise apartment buildings (3 - 4 storeys) or townhouses. The district contains many rules that are sensitive, or contextual, to the surrounding scale, requiring lower heights and larger setbacks when adjacent to low scale buildings. Maximum density is 148 units per hectare (uph) which typically allows an average 50 foot (15 metre) wide parcel to have 8 units.
